

# The Opportunity

The Cherhill Village Hall Committee has been considering for some time the possibility of replacing the current Village Hall which is now over 40 years old. The present Hall has many shortcomings: there's a lack of parking, it is not suitable for a number of modern day uses and the capacity is so limiting that new users are being turned away. An opportunity has recently arisen for building a new Village Hall for Cherhill.

The Ainslie family have very generously offered to donate a piece of land on condition that it is used exclusively as the site for a new Village Hall. The piece of land in question is at the junction of Park Lane and the A4. If the relocation does go ahead the site of the current Hall would be available for re-development.

Any scheme will have to take into account the very sensitive nature of the site and provide substantial car parking

A Steering Group has been formed and the Project is likely to take 3 to 5 years.
