

Update – July 2016

An important milestone was reached in June when Wiltshire Council [approved the designation of Cherhill Ward Neighbourhood Area](#). This is the first step in the [Community Right to Build](#) process as it defines the constituency that will be entitled to vote in the eventual referendum to decide whether the new hall is built. [You can view a map of the Area HERE.](#)

Now that the Neighbourhood Area has been approved the project can work with the local authority who will make their expertise available to support and advise the project as the Community Right to Build Order documentation is developed. Members of the project team have already had a very useful meeting with senior planning staff at Wiltshire Council to begin this detailed work. The Council planning staff will help to ensure that all stakeholder bodies are informed of the project and consulted as it progresses.
